

# SOCIETY WOMAN'S WORLD AND WORK . . .

LILIAN CRAWFORD PERKINS

The day is drawing to its close; And what good deed, since first it rose,  
Have I presented, Lord, to thee, As offerings of my ministry?  
What wrong repressed, what right maintained?

What good attempted and attained—  
The Golden Rule.

berance Harry Barnes, Joseph Leland and Mrs. E. H. Smith being assisting hostesses. Mrs. Walker's home on South Elwood was fragrant and beautiful with quantities of cut roses. Sixty members were present and invited guests were Messrs. and Mrs. J. T. Jones of New Franklin, Mr. Hubbard Riddle, L. P. French, T. C. King, L. C. Perkins, Misses Ruth Cornell and Miss Jenny Young King. The program was especially interesting. Mrs. Under delighted the ladies with two ballads, "Sweet Little Woman" and "Mine and If No One Marries Me". Mrs. Charles E. Francis gave a paper, "The Spirit of the 8 and 12 Club," and we passed from here to Chipping and a Japanese study in Chipping. A pleasing feature was the large number of books brought by the industrial school at Paul's Valley, these coming by request of a note inserted in the program to the effect that a book swap was wanted for these boys. Plans were made for an autumn tea which will be given in the home of Mr. and Mrs. T. A. Birmingham on November 15th.

### The Perfection of Sweetness and Delicate Flavor

Made from Coconuts and Milk

Troco is made from the dainty nut fat extracted from the white meat of coconuts—the indispensable food of Tropic races. It is churned with pasteurized milk, our own food standby, by a special process which perfects flavor and texture. We churn every day and ship every day on ice. We urge dealers to co-operate by ordering often and keeping their stock in the ice box.

There is the additional satisfaction of knowing what a wholesome appetizing product you thus enjoy. Troco could not be more carefully and hygienically produced if it was churned in your own kitchen.

IF YOU SUFFER THE  
TORTURES OF BURNING,  
ITCHING SKIN DISEASESIt's Possible You Can Secure  
Permanent Relief by the  
Use of This Prescription  
Treatment.

When your skin itches you just scratch and rub, although you well know that the irritation caused will itch all the more and burn like coals of fire. In addition to the suffering and torture, the glands of the inflamed skin will throw off a watery pus that makes the trouble all the more unbearable.

Musely and great external applications may stop the itching for a while but as this diseased condition of the skin is usually caused by an impure state of your blood, a real purifier is necessary, for no real relief can be expected until the blood is thoroughly purified—the poisons that are causing the unbearable skin disease, eliminated entirely.

As a real blood purifier, Plough's Prescription C-2223 has been used for years and years with great success in the treatment of those conditions of the skin due to an impure state of the blood. This concentrated liquid treatment contains certain medicinal ingredients well known to the medical profession, which eliminate the poisons causing the trouble, purify the blood and make the skin clear and healthy.

In taking Plough's Prescription C-2223, it is very necessary that the liver be active. A very mild cathartic and liver stimulant is prepared especially for use in connection with the liquid prescription treatment—2223 Liver Pills. Three pills a week are all that will be found necessary to keep the liver and bowels in a healthy condition, thereby assisting the treatment in throwing off the poisons.

Plough's Prescription C-2223 can be bought at all good drug stores at \$1.50 a bottle; the Pills, 25¢ a package; or the 2223 Laboratory, Memphis, Tenn., will send both postpaid on receipt of \$1.75.
